SMOKER IS UNREPENTANT.

Man of Seventy Tells Judge It Is Too Late to Stop.

BY DIRECT WIRE TO THE TIMES. COLFAX (Wash.) Oct. 4.—[Exclusive Dispatch.] H. S. Hollingsworth, a wealthy, retired stockman, told the court before whom he had just been convicted and fined \$10 for smoking cigarettes today, that he was both guilty and unrepentant.

"I am 70 years old, judge," said Hollingsworth, "and I have smoked cigarettes ever since I was 10. It is too late for me to quit now. Furthermore, I don't think my smoking is any concern of the State of Washington."

Hollingsworth's attorney gave notice of appeal.

He was sentenced to the penitentiary for 180 days, but it was only on May 20, 1908, that he actually began his term in the penitentiary.

BEAN AND GRAPE MEN GLAD. BY DIRECT WIRE TO THE TIMES. SACRAMENTO, Oct. 4.—[Exclusive Dispatch.] Bean and grape growers of the Sacramento Valley are rejoicing over the warm sunshine of today and the weather forecast, which says the next few days will be clear.

The rains have caused a big loss, but the damage will not be as great as expected because of the change in the weather. Sunshine and fresh, drying winds will greatly improve the damp beans, grapes and other crops out in the fields. The bean men say their loss will be heavy, how much they do not believe that it is sound Democratic doctrine to protect raw material and put manufactured articles on the free list.

What else could the Democratic party stand on than its tariff doctrine? I am not a believer in a compromise. I do not believe that it is sound Democratic doctrine to protect raw material and put manufactured articles on the free list.

Mr. Sims was asked what he thought of Senator Bailey's new tariff doctrine.

TO BUILD SAMPLE ROAD. WILL EDUCATE TAXPAYERS. BY DIRECT WIRE TO THE TIMES. COLUSA, Oct. 4.—[Exclusive Dispatch.] The Supervisors, under direction of an expert sent here by the Department of Agriculture, are re-intending the work, are about to commence construction of one mile of demonstration road west of Williams, and they will give the voters of the county sufficient time to examine it. If the results are satisfactory, the Supervisors will call a special election for the purpose of voting \$500,000 bonds for the purpose of building such roads throughout Colusa county. Engines, rock crushers and dump carts are now on the ground to be used in building this demonstration road. It is intended to educate the taxpayers up to an appreciation of the importance of good roads.

PERSISTENT BURGLAR. NO HURRY TO ESCAPE. BY DIRECT WIRE TO THE TIMES. MODESTO, Oct. 4.—[Exclusive Dispatch.] After robbing the house of J. Fredericks of all its valuables, including a trunk full of clothing, the burglar hid himself in the barn and struck Fredericks a vicious blow on the head with a club as he entered the barn upon his arrival home. Fredericks had just struck a match when he was attacked and the blow dashed him so that he was unable to get a glimpse of his assailant. Fredericks, after some time, was able to drag himself into his house, where a remarkable state of affairs met his gaze. The room was in great disorder. All the valuables, and a couple of suits of clothes, Fredericks communicated with the Stockton and Modesto officers but trace of the marauder has been found.

EXPLOSION WRECKS MILL. ENGINEER ASLEEP AT HIS POST. BY DIRECT WIRE TO THE TIMES. SACRAMENTO, Oct. 4.—[Exclusive Dispatch.] Fire, following the explosion of a boiler in the Brighton road mill at 5 o'clock this morning, resulted in the complete destruction of the plant and stock. The engineer on duty at the time was asleep. It is believed that the boiler went dry, causing the explosion. The engineer was uninjured, although sleeping within a few yards of the boiler. The loss on the building and plant is estimated at between \$50,000 and \$60,000.

A \$10,000 silver service and a stand of colors were presented to the battalion Minnesota at New York yesterday. The silver was the gift of the State whose name the warship bears, and the flags came from Minnesota school children, each child having contributed one penny.

Children Showed It Effect of Their Warm Drink in the Morning.

"A year ago I was a wreck from cold drinking, and was on the point of giving up my position in the school room because of nervousness."

"I was telling a friend about it and she said, 'We drink nothing at meal time but Postum, and it is such a comfort to have something we can enjoy drinking with the children.'"

"I was astonished that she would allow the children to drink any kind of coffee, but she said Postum was the most healthful drink in the world for children as well as for older ones, and that the condition of both the children and adults showed that to be a fact."

"My first trial was a failure. The rook boiled it four or five minutes, and it tasted so flat that I was in despair, but determined to give it one more trial. This time we followed the directions and boiled it fifteen minutes after the boiling began. It was a decided success, and I was completely won by its rich, delicious flavor. In a short time I noticed a decided improvement in my condition, and kept growing better and better month after month, until now I am perfectly healthy, and do my work in the school room with ease and pleasure. I would not return to the nerve-debilitating regular coffee for any money."

Read the famous little "Health Classic," "The Road to Wellville," in pgs. "There's a Reason."

"Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest."

AMBASSADOR O'BRIEN CERTAIN OF JAPAN'S FRIENDSHIP FOR US.

EXCHANGE OF COMPLIMENTS.

SAN FRANCISCO, Oct. 4.—Thomas J. O'Brien, American Ambassador to Japan, who has been on a three months' vacation, and will sail tomorrow on the transport Thomas to resume his duties, was banqueted tonight by the Merchants' Association of this city.

Beekman Winthrop, Assistant Secretary of the Navy, who arrived from Washington on an inspection tour today, was also a guest.

The Ambassador reiterated his declaration of faith in the friendship of Japan for this country, and his expressions were reciprocated by Japanese Consul-General Nagai.

Assistant Secretary Winthrop devoted his speech to the ship subsidy, as it affects the navy. He said that the Navy Department desired the expansion of the merchant marine, as the navy will be dependent upon the speed

and number of its supply ships in time of war.

Mr. Winthrop said that since the coal shipments necessary because of the movement of the Atlantic fleet had been completed, the department was throwing all the business it could to Washington.

"I may say," he said, "that we are offering a rate that is in excess of the 40 per cent. bonus recommended by President Roosevelt."

The inspection of the Yerba Buena training station occupied the Assistant Secretary today and he will visit the Mare Island yard and the California City coaling station before returning to Washington.

Mr. Winthrop declared that the department did not violate the coastwise navigation laws in shipping coal from the Atlantic to the Pacific in foreign bottoms. He said that the Attorney-General had been consulted before the shipments were made.

He said he did not believe in indulging in personalities, but he opined that Senator Bailey had convinced many people that he was wrong.

GOING TO CHINA. COAST CITIES ACCEPT. [ASSOCIATED PRESS NIGHT REPORT.] SAN FRANCISCO, Oct. 4.—Formal acceptance of the invitation extended to the commercial bodies of the Pacific Coast cities to send delegates to China, was placed in the hands of the Chinese Consul today.

Six Chinese cities, Shanghai, Amoy, Foo Chow, Nanking, Canton and Woo Chow, joined in the plan to invite American business men to inspect China's enterprises.

The cities that received and accepted the invitation are San Francisco, Los Angeles, Oakland, San Diego, Portland, Seattle, Tacoma and Spokane. The exact date for the trip has not been fixed.

The acceptance was prepared in scrolls, to which the American colors were attached.

One of these was dispatched to each city in China.

WINDAMMERS ATTACK GILLET.

Rant Because Governor Refused to Sign Union Labor Bills—Afraid of Japs.

[ASSOCIATED PRESS NIGHT REPORT.] SAN RAFAEL, Oct. 4.—Resolutions condemning the action of Gov. Gillett in failing to sign several bills passed by the last Legislature in the interests of labor and declaring that the Governor has demonstrated that he was not in sympathy with organized labor, were introduced at the convention of the State Federation of Labor, which opened here today.

A. J. Gallagher, president of the San Francisco labor council, introduced a resolution which in effect demands that the scope of the present Chinese exclusion law be extended and that exclusion of orientals be made more rigid.

Another resolution presented sends greetings to the strikers in Sweden and pledges the support of the labor organization of California in their fight for higher wages and better working conditions.

TOKIO CHURCH CONFERENCE. Semi-centennial Events Mark Emergence of Japanese Church from Infancy to Youth.

[BY DIRECT WIRE TO THE TIMES.] TOKIO (Japan) Oct. 4.—[Exclusive Dispatch.] The semi-centennial church conference which will be opened here tomorrow is significant for several reasons. It marks the emergence of the Japanese church from infancy into youth and is the first national conference of missionaries in which the Japanese have participated on an equal footing.

Besides, it is the most elaborate effort to glean the lessons of the last fifty years and to apply them to the problems of the next period in all branches of Christian activity.

The conference will assemble on one platform the most capable and most experienced of the Christian leaders, thus affording an opportunity of hearing new voices, gaining fresh ideas, making new friends and preparing the way for closer cooperation of all Christian bodies.

It will review the dramatic victories of the past, show the territory still to be acquired and indicate what reinforcements must be obtained. The celebration, therefore, is considered highly significant.

DEFIES FEDERAL INJUNCTION.

Oklahoma Bank Commissioner, Disregards Order of Court.

[ASSOCIATED PRESS NIGHT REPORT.] OKLAHOMA CITY (Okla.) Oct. 4.—Notwithstanding the restraining order issued by the Federal court at Guthrie, Bank Commissioner Young, under direction of Gov. C. M. Haskell, continued payments to the depositors of the failed Columbia Bank, through the day.

Judge Cotterill will come to Oklahoma City tomorrow and hold court to ascertain if the bank commissioner is in contempt. President North of the bank and his associates have offered \$500,000 to the State Banking Board for a return of the bank to their hands, and the banking board members said tonight that the bank probably would be transferred to its original officers tomorrow.

Attorneys for the State today offered Judge Cotterill certified checks for the amounts claimed by the petitioners for a receiver, but asked that the checks remain with the court until it can be shown that the bank has assets against the deposits.

Commissioner Young and the other members of the State Banking Board declared tonight that the restraining order does not apply to them because they assert, it enjoins them from preferring one creditor above another, which they deny doing or having done.

RUSH FOR INDIAN LANDS. ABERDEEN (S. D.) Oct. 4.—Registration at all points in the opening of the Cheyenne and Standing Rock Indian reservation for the first sixteen hours indicates that this will be one of the greatest events of its kind. More than 5000 names were recorded from midnight Sunday until 4 o'clock p.m. today. If this average continues more than 114,000 will register. At Mobridge, 250 registered; at Lemmon, 352; at Bismarck, 677.

TO SUPPORT BANNARD. NEW YORK, Oct. 4.—Rev. Charles H. Parkhurst today announced his intention of advocating from his pulpit the election of the Republican nominee for Mayor, Otto T. Bannard.

Theodore A. Bingham, ousted as Police Commissioner by the McClellan administration, said he would go on the stump in Mr. Bannard's support.

Gen. Bingham is a Republican, though appointed to office by McClellan, a Democrat.

NEXT SESSION A LIVELY ONE

Congress Will Face Several
Hard Problems.

President Taft Fixing Up
Stormy Time.

Regulars and Inaugurants
Sure to Clash.

(Associated Press Day Report.)

WASHINGTON, Oct. 1.—(Exclusive Dispatch.) President Taft, touching elbows with the people throughout the West and absorbing popular sentiment, is planning a big constructive program for Congress the coming winter. Lesser party leaders—Republican and Democratic—without stirring far from their own hearthstones are planning trouble.

Developmental, national, State and local, during the last few weeks, have had a marked bearing on the approaching session of Congress. The sensational charges made by Representative Herbert Parsons of New York with respect to the deal between Cannon Republicans and Tammany Democrats that fastened the old rules on the new House last spring may not be the climax in the series of developments that forestall peaceful adjustment when the lawmakers reassemble two months hence. The "therapy" Cannon rejoinder to Mr. Parsons followed today by a reiteration of charges from the latter and a promise of interesting details in due time, adds just a little more fuel to conflagrations that already are as thick as bonfires on election night.

Judging the immediate legislative future by the political happenings shows the adjournment of the recent extraordinary session, the regular session that begins in December will be fraught with more interest, will be one of the liveliest in its factional acrimony and perhaps will supply more downright sensations than any that has preceded them in many years, and that is saying a great deal. President Taft may have to hunt for some metaphor stronger than a team of runaway horses when he has this Congress fully on his hands. Ponder this prospect:

(1) An executive programme embracing the rounding out of the Roosevelt policies. Further curbing of corporate abuses; reorganization of the administrative features of the interstate commerce act and strengthening of the anti-trust laws; an effort to settle the vexed question of injunctions and to reduce the number of suits from politics; job subsidies; bonds for reclamation work and the throwing of legal safeguards around the conservation movement; postal savings banks.

(2) A life-and-death struggle between the Cannon machine and an insurgent force that is gaining strength with every day.

(3) A still broader contest, born largely of the recent tariff fight and involving the general progressive movement that bears on the congressional elections next year, and the more important national campaign that follows two years later.

(4) The same old Democratic row with some brand-new features; Bryan versus Baileyism, supplying the never-failing personal element; free trade material furnishing the inevitable obstacle that assails the jealousies of leadership in preventing the party from either "getting there" or fulfilling the real purpose of an operation.

One may be inclined to wonder how the constructive programme stands amidst all this party skeleton to be exhibited and the class of faction against faction to excite an interest aside from the perfunctory work of putting laws on the statute books.

MAGNIFICENT OF MANILA.
MAJ. CASE HERE FOR VISIT.
(Associated Press Day Report.)
WASHINGTON, Oct. 1.—Back from the Philippines, Maj. James F. Case, chief of the Bureau of Public Works in the Philippine government, is in Washington for a visit. He is regarded as the future work in the archipelago.

Interested by the insular government with the seventeen-year task of constructing 500 miles of macadam highways and the building of a new city, Case and his staff, who have been in the city of Manila, the waterworks system and the sewerage system that converted the capital into a thriving metropolis.

Last year there were constructed 300 miles of roadway from the road fund composed of the insular government appropriation, the tax imposed by the provinces, and 15 per cent of the internal revenue collected therefrom. The setting aside from this fund a portion which will increase from year to year for maintenance and by making a midyear report, punishable by removal from office, for a provincial official to allow the roads in the province to deteriorate, the roads are kept up well, Maj. Case says.

The new Manila water system supplies 2,500,000 gallons daily from mountain streams, whose watershed of 16 square miles has been declared a reservation and withdrawn from agricultural and other uses. The sewerage system comprises fifty-two miles of sewers, ranging from twenty-two to twenty inches in size. The sewage is pumped out into the sea, a mile and a quarter. The pumping stations will handle 25,000,000 gallons of sewage a day.

Maj. Case is from Wisconsin. He may return to the islands after a long vacation.

TURBINES FOR DREADNAUGHTS.
Type of Engine for Two Big Battleships Decided on by Secretary Myer.
(Associated Press Night Report.)
WASHINGTON, Oct. 1.—Both the new American dreadnaughts, 36,000 tons displacement, for which contracts were recently awarded, will be equipped with Parsons' turbine engines.

This decision was reached at a conference today between Secretary Myer and Admiral Clegg, chief of the Bureau of Yards and Docks, who has just returned to the United States from an extensive tour of European ship yards.

The New York Shipbuilding Company, which will construct the Arkansas, was notified some time ago that turbines would be installed. Decision as to the motive power for the Wyoming was made by the Navy Department, but Secretary Myer and his associates today decided favorably for the Parsons turbine, feeling satisfied, as Secretary Myer expressed it, that this would be more advantageous to the government than the proposed com-

bination of turbines and reciprocating engines, which had been insistently urged by some of the naval officials.

FISHERIES CASE.
GOES TO HAGUE BUREAU.
(Associated Press Day Report.)

WASHINGTON, Oct. 1.—Complying with the terms of the special agreement, signed January 27 last, between the United States and Great Britain, the State Department filed today with the British Embassy here, the government's case in the Newfoundland fisheries controversy.

The case of the British government will be filed today at London, and both will then be submitted to the International Bureau at The Hague.

According to the special agreement, counter-briefs in each case are required to be filed on February 1 next, and by April 1, 1930, printed arguments must be ready.

It is expected that the arbitrators, already named, will meet in May to hear final arguments and make decision on the questions involved.

SURGEON MAY COMMAND SHIP.

Attorney-General Decides Secretary of Navy May Assign Medical Officer to Hospital Craft.

WASHINGTON, Oct. 1.—The Secretary of the Navy has authority, in the opinion of Atty.-Gen. Wickham, to assign a medical officer, not below the grade of surgeon, to the command of a naval hospital ship. This expression by the Attorney-General has come to Secretary Myer in response to a request for an opinion as to the legality of such a move. It was made in view of the expected commissioning of the hospital ship Solace, which has, for some time, been sitting out at the Charleston navy yard, and for which Admiral Rixey, the chief of the Bureau of Medicine and Surgery, was seeking to ask for the detail of commanding officer.

Mr. Wickham's opinion will preclude the possibility of a revival of the controversy over the command of hospital ships witnessed about two years ago, when President Roosevelt sided with Admiral Rixey in the assignment of medical officers to the command of the hospital ship Relief against the wishes of the line of the navy.

WASHINGTON BRIEFS.

Postmaster's Vacation.
WASHINGTON, Oct. 1.—Postmaster of Utah are granted leave by the department to attend the convention of the State League of Postmasters at Parowan on October 25.

CHICAGO JURY ENQUIRY.

CHICAGO, Oct. 1.—Further probing into alleged irregularities in the official drawing of jurors was forecast today by the issuance of subpoenas directing the jury commissioners to turn over their books and records to the State Attorney's office. Jury Commissioner John J. Holland and two other men are now under indictment for alleged conspiracy to draw jurors in a manner not authorized by law.

HASKELL CASE PORTFOLIO.

ARDMORE (Okla.) Oct. 1.—On motion of the defendants in the Federal court today, the hearing of Gov. Haskell and other prominent Oklahomans, under charge of fraud in the Muskogee town lot fraud case, which was set for today, was postponed. The case will be heard October 13. The continuance was agreed to because of the inability of Gov. Haskell to attend, he being in Oklahoma City in connection with the Columbia Bank & Trust suc-

HILL IS STILL FULL OF FIGHT.

Harriman's Death Means No
Change in Policy.

Aggressive Building in North-
west to Continue.

Magnate Headed for Mexico,
He Says, With Joke.

(By Direct Wire to the Times.)

CHICAGO, Oct. 1.—(Exclusive Dispatch.) James J. Hill passed through Chicago today on his way to New York, remaining here long enough to have a conference with John R. Stevens, who is in charge of new construction work for the Hill system in the Pacific Northwest. Mr. Hill intimated that the aggressive policy which he has adopted with respect to railroad construction into new territory would not be abated on account of the death of Edward R. Harriman.

"We intend to build all the lines that are warranted by the development of the country in the Northwest," declared Mr. Hill, "and possibly some which are not warranted by the development of the country. We are going to build a line south into the center of Oregon from a point on the Columbia River. I cannot tell you how far we will go with that line. It depends on the market."

"Is it true that you are heading for San Francisco?" was asked.
"No, no, indeed," was the reply. "We are heading for Mexico City. I don't mind telling you what route we intend taking if you will be careful not to say anything about it. We are going to build that line up the Deschutes River and then extend it to the high point in the Sierra Nevada Mountains, from which point we intend using aeroplanes to reach Mexico City."

Further than this joke, Mr. Hill would not go with reference to his building projects in Oregon.
Asked if he expected a car shortage this fall and winter, Mr. Hill said: "Business in all lines is good and we are going to have an era of great prosperity, but our lines will not have a car shortage."

Mr. Hill declared that his lines are now transporting fully 1,000,000 bushels of grain daily to the various markets. Very little of it is going for export.

VICTIMS NUMBER THOUSANDS.

Physician Declares Operation for Appendicitis Should Be Prohibited

(By Direct Wire to the Times.)
BOSTON (Mass.) Oct. 1.—(Exclusive Dispatch.) "An operation for appendicitis should be called a criminal operation, and as such, should be prohibited by law," declares Dr. Charles F. Fitch, one of the best known Boston physicians.

"I have been following the records of appendicitis operations ever since the first operation was performed," declared Dr. Fitch, "and I am convinced that the life is coming when the people will finally realize that appendicitis is a criminal operation."

"As for the widely proclaimed benefits of saving one's life by operating on the appendix, I am sure that the necessary to cite the long list of deaths following the operation. Only recently we have the striking instance of Clyde Fitch, the great playwright, and Gov. Johnson of Minnesota. The surgeons cut off Gov. Johnson's appendix a year ago; they operated on him a second time and on the third operation he fell a victim to mistaken modern theories."

BELEAGUED VENGEANCE.
Cow-Puncher, Who Killed Cattlemen, Is Slain by Ranger on the Range.

ASSOCIATED PRESS NIGHT REPORT.
GRAND JUNCTION (Colo.) Oct. 1.—Joe Harris, a cow-puncher, who shot and killed Harry Sieber, millionaire cattlemen, in 1920, near Westwater, Utah, met death yesterday in a similar manner at the hands of Joe Pace, another cow-puncher.

Pace, who was one of Sieber's cowboys at the time of his employer's murder, swore to avenge the shooting. Yesterday he was found about three miles east of Westwater, at the spot designated by Pace. His horse was grazing near by.

It is believed that the long-delayed vengeance of enemies, who for years have threatened to kill him on sight, was finally achieved.

Harris shot and killed Henry Sieber on the latter's ranch near this city. Sieber had been found about three miles east of Westwater, at the spot designated by Pace. His horse was grazing near by.

FATAL STREET CAR WRECK.
PITTSBURGH, Oct. 1.—Two passengers were killed and eight were seriously injured in a street car accident here tonight.

The Russian battleships Ekaterina II and Trichmeh have been stricken from the list and will be broken up and sold.

SAFE ROAD TO TRAVEL.

Erie Claims Not to Have Killed Passenger in Five Years.

(By Direct Wire to the Times.)
CHICAGO, Oct. 1.—(Exclusive Dispatch.) The management of the Erie claims that this road has not killed a single passenger in five years. During that time it has carried a total of three and three-quarters billions of people, and its passenger trains have run a total of 10,000,000 miles. The road has been able to make this record partially on account of the fact, it is claimed, that passenger trains are not run at a higher rate of speed than track and roadbed conditions warrant. The Vermont Central claims not to have killed a passenger in seven and one-half years, but the newspapers of that section claim that the road has broken many hearts by its poor train service.

DICKINSON AT SON'S SIDE.

NASHVILLE (Tenn.) Oct. 1.—Secretary of War Dickinson arrived from Washington last night at the bedside of his oldest son, Overton Dickinson, who has been dangerously ill of heart failure at Bellemeade. Young Dickinson is said to be improving rapidly. The young man's mother also reached here last night from Seattle.

LAMPHERE NEAR DEATH.

LA PORTE (Ind.) Oct. 1.—Ray Lamphere, who was convicted as an accomplice of the arch-murderer Mrs. Gunness, has but a few more days to live, according to prison physicians. He is suffering from consumption. State's Attorney Smith says he is confident the prisoner will die before his confession clearing away every detail of the Gunness death farm mystery when he realizes that his end is at hand. Up to the present time he has protested persistently that he knows nothing about how Mrs. Gunness killed and disposed of her victims.

ROBBERS STRING UP WOMAN.

LANSING (Mich.) Oct. 1.—Mrs. W. B. Scott, wife of a baker of this city, was found in the woods of her home yesterday gagged and suspended by the wrists from a rafter so that her toes just touched the floor. The woman had been hung there by two masked robbers and had been tied up for more than two hours when her husband and a neighbor found her.

SHE FEARED PARALYSIS

So Did the Physician Who
Attended This Case of
Nervous Breakdown.

Nervous breakdowns may be the first sign of paralysis or some other severe nervous disorder. A tonic for the nerves is the one remedy for neuroathetic conditions and Dr. Williams' Pink Pills are a tonic for the nerves. She says:

"About two months before the birth of my youngest son, I became greatly run down through worry and overwork. I began to notice a numb, creeping, like sensation in my hands and feet. After the birth of the child I was completely broken down in health. My head and back ached all of the time. I had no appetite, and whenever I ate, my stomach seemed to do me any good. BUSINESS CHANCES.

[The page contains faint, illegible markings and artifacts.]

TUESDAY, OCTOBER

[illegible]

TO GREET PRESIDENT.

STEPHENS CHAIRMAN OF TAFT RECEPTION

WILLIAM D. STEPHENS, treasurer of the Chamber of Commerce, was appointed chairman of the Taft General Reception Committee at a meeting of the Executive Committee yesterday. It was also decided to limit the Reception Committee to 150 members. The list of names will not be announced for a day or two.

All the committees have now been named with the exception of the General and Banquet Reception Committee.

Chairman Stephens will greet the President as he steps from the car at the Arcade Depot at 2 o'clock tomorrow and then escorted through the city on an automobile.

"The line of march will be up Fifth Main, north on Main to and around the Plaza, south on Broadway to Ninth, west on Ninth to Broadway, north on Broadway to Tampa, west on Tampa to Hill, north on Hill to the High School, where the counter-march, coming down Broadway to Second, on Second to Hill, on Hill to Seventh, on Seventh to Hope, south on Hope to Eighth, east on Eighth to Grand, south on Grand to Washington, west on Washington to Adams, south on Adams to Adams, and thence east to San Pedro.

at the Arcade Depot at 1 o'clock next Monday afternoon. Within the past few days the Harbor Committee, the General Reception Committee and the Parade Committee. The reception will be brief, and at its close the decorated automobiles for the street parade.

It was decided yesterday to have all members of the attendant committees, the Harbor Committee, the General Reception Committee, and the Parade Committee, and automobiles will be provided for them. Cards will be sent to those who have agreed to take part in the parade, and the number of the automobile and the seat to be occupied. In this way all confusion will be avoided. Because of the large number of automobiles in the street parade will be twice as large as had been intended originally.

With only six days in which to place decorations on the automobiles, the committee earnestly requests that business men of the downtown district attend to the decorating of their buildings as soon as possible.

The Mayor has issued an open letter to the citizens of Los Angeles, as follows:

"Hon. William H. Taft, President of the United States, will be the guest of Los Angeles Monday, October 11, 1909, and it is the desire of the business men to decorate their homes and places of business for the occasion, and wear their national colors on that day.

"The President will be received at the first.

This parade will last about two hours, and it is earnestly requested that business men close their places of business during those hours, the showing to who have to work for a living may have an opportunity to see and welcome the honored head of nation."

The Decoration Committee reported yesterday that the work of making the streets beautiful for the President's visit will begin Wednesday morning. The committee is now busy using in decorating the cross walk along the downtown line of march, and 1500 hanging baskets of ferns and flowers, and the work of decorating the electrolights. The baskets will not be put up until a day or two before the President's arrival.

Two members of the Chamber of Commerce or Board of Trade of each of the following places will serve as delegates to the banquet given by the President during his stay in the city: San Pedro, Wilmington, Ocean Park, Santa Monica, Redondo, Venice and Torrance.

The Banquet Committee at a meeting last night in the Chamber of Commerce, arranged the system of seating the delegates. The delegates received for places at the banquet were considered and the coupons were arranged so that the best seats in the Shrine would be taken.

Those who had their applications in from

rate war between New and San Francisco are not millionaires and do not stop at the best hotels.

The presence of a horde of sneak thieves, hold-up men and crooks of various other sorts is attributed to the rate war. Last night D. W. Tolar of No. 329 Eleventh street, heard a noise in his bedroom. He leaped out of bed and found the burglar just in time to see a stranger jump through a window.

One of the Weary Willies picked up this morning explained it this way at the Police Station: "You know we have to 'bum a dollar for a ticket and ride on the boats than it is to stay in town. This one (thirty-five hours on the river, with four meals and a clean bed! What's de use of ridin' the bumpers on freight trains? Out on the deep blue sea you'd not get a kick for every little way, and have to walk miles for a hand-out." Sometimes much longer it may present more difficult problems to the police of San Francisco, San Pedro and Los Angeles than the clerks and bellhops in the big hotels.

Statements made yesterday by Rev. William Francis Ireland, secretary of the Sunday School League of California, that the wife of the Rev. Marshall Clark, better known as "Profr. Nemo" was a reformer and anti-vice crusader while he lived in Los Angeles. Mr. Ireland admitted that both Mr. and Mrs. Clark were frequent visitors at his home.

I became acquainted with "Prof. Niblo" when I was about 18 years of age. He began a crusade against fake clairvoyance, posing as a "medium," said Mr. Ireland. "Mr. Niblo," said Mr. Ireland, "was mainly instrumental in the exposure of the frauds of the town the greater part of the many years ago." I exposed and forced out of business. It was gratifying to me to see the interest he took in the work and he

Valuable Boast Kept Under Influence of Anesthetic for More Than Two Hours, Which Is a Remarkable No Similar Case Known to Animal Keeper.

When "Kittie," the valuable lioness, one of the two seven-month-old

It is the first time that she has seen the natural history. E. B. Rice, animal keeper at the park, said it was the first instance he had ever known, or

when Mrs. Clark found her husband in a compromising position with Miss Antoinette Elisabeth Gazeau, the alienist, Elizabeth, who was the name Mazzei. He further stated that he knew Miss Gazeau by sight, and could not be mistaken as to who the woman was whom he saw leaving the room with his wife.

In regard to the statement made by

and about, where an animal of that species had ever been so long under a human hand. He had, however, heard of many instances where the mere use of such drugs had proved fatal.

The operation on "Kittie" was performed by Dr. R. T. Whitlsey, a veterinary surgeon, and seems to have been successful.

She reported to be "breasting easily" at night. Much difficulty was experienced in getting her out from under the influences of the drug, although, it is stated, it only required a few drops of water to awaken her conscious and keep her in that condition during the time required for the operation.

The lioness is unusually valuable, and Mr. Rice, yesterday. "She was sold last year for \$1000, and would breed a cub with a cub of the same color as the other animals of the cat tribe. She gave birth to two cubs seven months ago, and was to have other young ones this year. For these reasons known these lions are very valuable, and, finally, it being certain that the lioness had been placed in what is known as a position of undesirable notoriety," a position of undesirable notoriety, and said that he was in a peculiar position because of his equal knowledge of the facts of the case, yet, each thinks his testimony will be the material and clinching evidence in the pending legal action.

The civil suit is directed against Miss Gazman and not Mr. Rice.

He endeavored for some time to procure the services of a physician, but he refused to take the cost, and he was left to take the consequences of the danger attending it. Whittlessey consented to try it, and he was cured, but he was left exceedingly wild. She has been in his possession about three years and

Calzona Going Ahead.

The official survey of Calzona, the

new mining town in San Bernardino

county, has been completed by H. O.

Schador, United States Surveyor, of

Calzona, and E. F. Vaughn, man-

ager of the townsite company, and the

plans were filed at San Bernardino yes-

terday.

Applications are being received by the

hundreds, and actual settlers are al-

ready constructing houses and business

places.

Regular grant deeds will be issued.

The lands were bought from the State,

and titles are asserted to be perfect.

Certificates of title will be furnished by

an abstract company of San Bernar-

dino.

One water well has been sunk and an

abundant supply obtained; another has

been contracted, and machinery for a

pumping plant has been ordered. A

contract has been let for a telephone

and the Santa Fe has 600 men and teams

at the Bengal-Parker cut-off, which

should be graded into Calzona by De-

Chief Engineer Jaeger of the Arizona

and California has already located the

depot freight yard and trackage. T. M.

Drean, president of the Colorado

River and Supply Company, is arrang-

ing a branch store at Calzona, and is

in Los Angeles purchasing supplies. E.

L. Vaughn will arrive Monday and

will be at the Hotel-Beck for a few

days. The Parker Bank and Trust

Company will establish a branch at

Calzona, as soon as the railroad reaches

that place, and many business sites

are being graded for buildings.

George Hye of the Aiton, has pur-

The Balboa well at Newport Beach,

which was cemented at 2700 feet, was

being allowed to settle for four weeks,

was drilled through the cement last

week and a terrific gas blowout fol-

lowed on Tuesday that threw all the

water out of the hole over the derrick,

the gas eruption continuing at inter-

The blowout was some eighty feet

above the oil sand. A six-inch pipe

is being put in to go into the sand.

The owners are convinced that the

well will be a good one on account of

the amount of oil known to exist, but

hitherto the water has proved un-

fully overcome. The gas pressure is

such as to give a great deal of trouble

SPECIAL CORRESPONDENCE OF THE TIMES.

BAKERSFIELD, Oct. 3.—M. H. Mur-

ray and his associates have taken

down a rig on section 31, nine miles

from Bakersfield, and have shipped it

to Jolon Valley, Monterey county,

where they will drill in purely wildcat

territory. They expect to begin drill-

ing within a fortnight and will go

down about 1300 feet. The rig was

dismantled from section 31, where,

after going to a depth of 1600 feet,

they found no indications of oil. It

was located above the Springfield well

that availed nothing, and near the

Acacia well, which, after going 2300

feet, found no indications than the

other two.

In the Superior Court here, M. H.

Murray is erecting a camp pre-

Portola Petroleum Company has

elected Judge M. K. Harris and Ber-

Israel of this city, directors to suc-

ceed F. C. Brothers, R. D. Gerard and

W. E. Tracy all of Coalinga. The

officers are C. A. Murdoch, president;

C. E. Whitney, vice-president and

Richard Israel, secretary. The com-

pany operates the old Excess property

in the El Cerrito district. The well is

down more than 700 feet and water is

now being shut.

The Umo Oil Company on 23-25-17,

Bradford's Bread is the Cleanest

Bread in Los Angeles

Do You Eat It?

Bradford's Bread is made in the largest, the cleanest, the most modern and the most sanitary bakery in Los Angeles. In every process of its making, the purity and cleanliness of the bread are safeguarded by extreme precautions such as were never heard of in Los Angeles until they were instituted by Bradford.

- Every Bradford baker is required to bathe and put on fresh, clean white clothing every day before beginning work.
- All flour used in Bradford's bread is bolted through fine silk, making it impossible for any foreign substance to get in the bread.
- Bradford's Bread is raised with old-fashioned hop and potato yeast and is shortened with pure vegetable oils. Hog lard never enters the Bradford Bakery.
- Bradford pays twelve men to hand knead his bread where three or four men could do the work by the bread-cheapening, machine-kneading method.
- But if you will compare a loaf of Bradford's Bread with any other bread, you will see that it is finer grained—that it doesn't crumble when you cut it—that it doesn't dry out—and that it tastes when you eat it.

Put Bradford's Bread to the test today. Order a loaf from your grocer. You can eat it and enjoy it, knowing that it's as clean and pure as the bread you would make in your own home kitchen. Sealed in sanitary dust-proof wrappers, which protect its cleanliness until it reaches your table.

MUSIC AND THE STAGE.

You dress better than you used to—most growing men do. We've grown along with you—the clothes we offer are better than ever before—better tailored, in better fabrics, better values.

Now, then, about the New Overcoat—why not one of these new garments that button to the chin? They're called "Auto" overcoats, but they're perfect for general wear.

Lengths, 46 to 52 inches. Fabrics, Scotch effects in all wool weaves. Domestic and foreign makes, including the genuine English "Slip-On."

Prices \$15 to \$45. Have a look at them.

BOSTON DRY GOODS STORE
235-237-239 S. Broadway 234-244 S. Hill Street

Complete assortments of the widely-famous "Jaeger," "Munsing" and "Sterling" underwear, for women and children. Every weight and texture suitable for Fall and Winter wear in this climate.

—Main Floor, Rear—

Linens liberally reduced

Noteworthy reductions on every-day needfuls—values that will be highly appreciated by every judge of linens:

2x2½-yard pattern table cloths of fine quality Irish satin damask cut from \$4.50 to \$3.50.
Same as above, only half-yard longer, at \$4.00 instead of \$5.00.

22-inch napkins to match above cloths cut from \$4 to \$3.25 a dozen.

20x38-inch linen huckaback towels of exceptionally soft texture cut from 25c to 20c each.

23x44-inch hemmed Turkish bath towel—note the extra size, and that they are of good weight—25c each; regularly 35c.

Many odd cloths and napkins in large dinner sizes from broken sets reduced a quarter to a third—some of them even more.

(Under Annex Skylight)

Our Lace Dept. is ready with the choicest products of foreign mills—unquestionably the most varied assortments of strictly high-grade laces in the southwest.

Oriental rugs near half

Room-size rugs and small rugs at prices averaging about half of their usual cost—rugs that we import direct from the Orient.

Shirvan and Karabagh rugs in sizes from 3 to 4 feet wide by 4 to 5 feet long, at \$8 each; heretofore \$12.50 to \$17.50.

Ganje and Mosoul rugs, in sizes from 3 to 4 feet wide by 5 to 10 feet long, cut from \$30, \$35 and \$40 to \$25.

Shirvan, Ganje, Mosoul, Tabriz and Sareband rugs of exceptionally fine texture and choice designs, marked at \$30 to \$100—a third to a half under actual value. Sizes 3 to 4 feet wide by 5 to 6½ feet long.

Fine East India rugs in large sizes from 6x9 feet up to large room sizes, at \$42.50 to \$250; well worth a third to half more.

(Third Floor.)

Street and Dress Hats from noted Parisian and New York designers—hats that are inimitable in the cheaper materials, so their wearers need have no fear of meeting "copies" on every corner.

(Second Floor, Adjoining Oriental Dept.)

Underpriced draperies

\$6 TO \$7.50 CURTAINS \$5—Splendid variety of Irish point lace curtains in white and Arabian—new and unusually pretty patterns for so little money—\$5 a pair.

\$4.50 AND \$5.00 COUCH COVERS \$3.75—5x9-ft. couch covers, in very rich Persian effects, with the designs woven in.

35c FABRICS, 10c—Plain red striped grenadines, 40 inches wide, to be closed out at 10 cents a yard.

18c SWISS, 12½c—36-inch fancy flowered Swiss, for bed sets and curtains, now 12½c a yard.

Genuine Japanese crepes—far better than the domestic goods for kimonos and side drapes—25c for the figured goods and 20c for the plain.

Many new designs in silkolines and sateens for comforters. Silkolines 12½c and 15c. Sateens, 25c a yard.

—Third floor.

Velvets are Coming

In costume and evening gown, for long cape and opera cape, as riding habit and outing suit, its soft clinging lines and splendid colors will be popular. Nothing could be more of the mood of the season, for instance, than some of these chiffon velvets—softer, richer even than the velvet-like silks which are the favorites of Fashion.

The Redfern Corsets

The exact reflection of what the most famous designers of women's costumes pronounce the "new" and the "smart." For this season we have the same unbroken supple lines of last year, but with a little freer curve—the influence of the Madame Pompadour styles. The corset is made of the strongest materials, but soft and pliable.

EVENTS IN LOCAL SOCIETY.

NEWS of the wedding Thursday of Miss Maud Meredith Davis and Louis Bishop, a young capitalist of Oakland, which was solemnized in the Methodist church, will be read with interest by local society. The announcement is made by the bride's uncle and aunt, Mr. and Mrs. Charles F. Bicknell of No. 1118 West Thirty-first street, this city, with whom the bride lived for a number of years. She is a graduate of the State Normal School, and for the past three years, has been teaching in a school in Oakland. Mr. and Mrs. Bishop will spend their honeymoon at Lake Tahoe, and will later reside in Oakland.

Trip Ends. Mr. and Mrs. Walter V. Pomeroy, of Menlo avenue, have returned from a six weeks' tour through the North. While away they visited San Francisco, Seattle, Portland, Victoria, Vancouver and other places of interest.

Pleasant Afternoon. An enjoyable affair of recent date was the luncheon given by Mrs. Edna Mitchell, of Orange county, in celebration of the wedding of her daughter, Miss Maud Meredith Davis, to Louis Bishop, of Oakland.

ing a large package of articles for the bride-to-be. A dainty luncheon was served. Those present were Misses Charles Stanton, Louise Carmichael, Warren Craig, Charles Skelton and the Misses Lena Skelton, Helen Skelton, Anna Horton, Adda Dewey, Rae Strong, Mabel Fowler, Stella Sieman, Bertha Burgeon and Neva Lawrence.

Society Function. Miss Edna Vanderpool, of West Thirty-sixth place, entertained members of the Kappa Gamma sorority recently, in honor of Miss Edna Terry, a member of the faculty of the University of Southern California. Music and readings by the guest of honor formed the afternoon's entertainment.

At Home. Mr. and Mrs. Joseph Williams, who have been enjoying a vacation at Balboa Beach, have returned to their home in Boyle Heights.

Returns from Abroad. Miss Elizabeth Slaughter of No. 1283 West Thirty-fifth street, has returned from an extended tour through England, France and Italy. Miss Slaughter

curator of the club, outlined the plan of work in the several departments during the year. "The endeavor has been said Mrs. Bellows, "to make the work interesting and attractive, and yet avoid superficiality, even though we find at the end of the year that we cannot quote a single passage from Emerson, Ruskin, Shakespeare, or even any of the late authors, whose works have been reviewed, and that we are unable to make a concise statement of the simplest scientific hypothesis, or name the principal works of any great artist in music, sculpture or painting, for we have passed the age when the memory is most retentive, and have come into fuller possession of the faculties of understanding, reason and judgment."

The departments of study of the Ebell Club are not intended, the speaker said, to replace opportunities missed in youth, or even to supplement them, but to afford the means for the development of the ripper faculties, to make nobler women, more companionable wives, wiser mothers and better citizens.

At the business meeting, a musical program was given by Harry Girard, assisted by Mrs. E. N. Wheeler as accompanist. Members of the Sister Committee, who were in attendance yesterday afternoon, were Mrs. Adolph Van Rensselaer, chairman; Mrs. C. H. Higley, Mrs. C. H. Higley, Miss Edith Wynne Walker and Miss Margaret Wollcott.

Whist Party by Eastern Star. A whist party and dance will be given by the Eastern Star, at the home of the Eastern Star, at Goldfield Hall, Sixteenth and Flower streets, next Thursday evening.

King's Daughters Meet. The executive board of the King's Daughters met yesterday afternoon at the Y.W.C.A. building. Plans for the forthcoming state convention, which will be held in Pasadena, November 11, were discussed. Mrs. Ivan Grant, Pasadena, secretary of the branch, presided at the meeting.

HARRIMAN'S NEPHEWS. Railroad Magnate's Sister, Former Resident of Los Angeles, Corrects a Misstatement.

The report giving some publicity concerning the relatives of the late E. H. Harriman, put an unintentional slight upon the family of Mrs. A. R. Van Rensselaer, now of Dallas, Tex., but who resided in this city for some years prior to 1903, with her son Orlando H. Van Rensselaer. He now lives at Charter Oak, on the Covina electric line.

Mrs. Van Rensselaer is a sister of the late railroad magnate and her son bears the full name of the father of herself and Mr. Harriman. The son is now and, for a number of years, has been in the drafting department of the Southern Pacific in this city, and two other of Mr. Van Rensselaer's sons hold responsible positions on the system, though the statement was made that none of his nephews were connected in any way with the road. Mrs. Van Rensselaer writes: "My three sons have been for a number of years in the employ of the different Harriman lines, and have worked their way up to responsible positions without favoring the name of their father. I am proud of them. J. G. Van Rensselaer, is general agent of the different lines at Atlanta, Ga.; another, Orlando H. Van Rensselaer, is in the drafting department of the Southern Pacific at Los Angeles. In justice to my sons and to my brother, I make this statement."

Beautiful Hands With Housework. A dainty little housewife who does her own work entertained a few neighbors at luncheon the other day, and the conversation turned, as it frequently does when she is present, upon the remarkable beauty of her soft, white, clear-skinned hands. "I don't see how you do it," sighed one of the guests, with a despairing glance at her own rough, red hands. "It's simple enough," laughed the hostess in reply. "It's only a matter of soap. The woman who does housework needs a healing, soothing, balm soap that prevents irritation and roughness and keeps the skin soft and healthy—that's all. My hands are as you see them, because I've used Harfina Soap for years, and never use anything else."

A good thing for all women who wish beautiful hands to remember. Ask your druggist or any of the following druggists for this splendid soap. 25c a cake, or sent by mail on receipt of 25c. Send for book, "The Care of the Skin." PHILIP HAY SPEC. CO., Newark, N. J. At Sun Drug Co.'s Store.

Mme. L. G. Potts. wishes to announce to her friends and patrons that she has returned from Europe with latest in Tailor Suits, Afternoon and Evening Gowns.

VANGUARD IS MAKING PLANS.

National Convention of Mission Women.

Officers' Special Train Is Due This Afternoon.

Foreign Mission Women Will Go to Redlands.

The vanguard of delegates to the national convention of the Woman's Home Missionary Society of the Methodist Church, which will meet in the First Methodist Church tomorrow morning, arrived yesterday.

Among those who came early to pick

up the strings of the convention, is

Miss Alice Gurnsey of New Jersey,

who is manager of the daily paper,

which will appear every day during the

convention. Miss Gurnsey is also an

author, having published two volumes,

which are familiar to many readers

under the titles, "The Citizens of To-

orrow," and "Under the Flag."

Others who arrived are Mrs. E. F.

Potter of Illinois, superintendent of

work among the Mormons; Mrs. J. A.

Johnson of Colorado, secretary of the

Pacific Coast Indian Bureau; Mrs.

Carrie Cope of Kansas, secretary of

work among the Indians of the Middle

West; Mrs. A. W. Conklin, Illinois,

foreman of the Urbana Orphanage;

Miss Lydia Rous, superintendent of

the Buckner Indian School, Lynden,

Wash.

The special train of six cars, carry-

ing the national officers, and about 100

delegates from the East, will arrive

over the Southern Pacific Railway at

2:40 this afternoon. The train will be

met by local committee women in au-

tomobiles, who will conduct the visi-

tors to their headquarters at the

Lankershim Hotel. The San Fran-

cisco delegation will arrive at 10 o'clock

tonight.

Committees of denominations are lo-

cated at all the railway stations to

greet delegates and escort them to

their hotels.

Miss Gurnsey is also an author, having published two volumes, which are familiar to many readers under the titles, "The Citizens of Tomorrow," and "Under the Flag."

Others who arrived are Mrs. E. F. Potter of Illinois, superintendent of work among the Mormons; Mrs. J. A. Johnson of Colorado, secretary of the Pacific Coast Indian Bureau; Mrs. Carrie Cope of Kansas, secretary of work among the Indians of the Middle West; Mrs. A. W. Conklin, Illinois, foreman of the Urbana Orphanage; Miss Lydia Rous, superintendent of the Buckner Indian School, Lynden, Wash.

The special train of six cars, carrying the national officers, and about 100 delegates from the East, will arrive over the Southern Pacific Railway at 2:40 this afternoon. The train will be met by local committee women in automobiles, who will conduct the visitors to their headquarters at the Lankershim Hotel. The San Francisco delegation will arrive at 10 o'clock tonight.

Committees of denominations are located at all the railway stations to greet delegates and escort them to their hotels.

FAVOR IS ASKED.

GROWERS ALERT TO INTERESTS.

CITRUS FRUIT SHIPPERS WANT A SAY IN APPOINTMENT.

Ask Supervisors for Time to Consider Possible Candidates for New Office of County Horticultural Commissioner—Given Ten Days After Results of Examinations.

Representatives of citrus fruit associations of the county asked the supervisors yesterday for time to consider possible candidates for the new office of County Horticultural Commissioner. Fred Smith, chairman of the committee, representing the Los Angeles County Citrus Fruit Growers' Exchange, was spokesman.

He said the wise selection of a commissioner, from the list of those who pass the coming examination, was of great importance to growers. "We represent shippers of 10,000 carloads of citrus fruits," said he, "and appeal to you not to make any appointment until our exchanges can consider the possible candidates."

The speaker reminded the supervisors of their pledges not to make any changes in the personnel of the Horticultural Commission, without consulting the citrus growers.

"We pledged our word when there were three members," interposed Supervisor Edging. "That pledge has no effect upon the present condition, since the new law went into effect. But we want to do the square thing, and I personally have no objection to granting your body a hearing."

Mr. Smith explained that the examination begins tomorrow, and that at its conclusion the State Board of Examiners has twenty days in which to pass upon the papers of the applicants for the position. The names of those who successfully pass the examination are then certified to the Board of Supervisors.

As soon as the list is received, the speaker said he would like to get them, in order that the directors of the exchanges in the county might consider the names. He asked for two weeks' time, but upon further consideration by the board, it was agreed to call the hearing for ten days after the names are received.

It is believed the majority of the fruit growers are anxious to have the supervisors appoint some man who has had active experience in the line of work which devolves upon the County Horticultural Commissioner. The personnel of the old commission was satisfactory, but now there is to be one commissioner, instead of three, as formerly.

It is said there is a general hope that some member of the old board will take the examination and qualify for the new office.

HUMAN ASSOCIATION.

Annual Meeting Begins at St. Paul Today—Vast Amount of Work Accomplished.

The American Humane Association, a federation of societies and individuals for the prevention of cruelty, especially cruelty to children and animals, will open its annual meeting today at St. Paul, Minn. The session will last for three days, the first half being devoted to the consideration of animal work, and the second half to children's work. This order is reversed at each succeeding annual meeting.

The statistics for 1937 show 345 active societies, with 853 employees and 64,879 members. Total receipts from contributions, fines and endowments, \$1,215,290; total disbursements, \$1,083,266. Number of children involved in the work, 174,615; number of animals involved, 1,048,912; number of prosecutions, 35,390; convictions, 28,618; large animals killed, 16,610; small animals killed, 27,499.

CHRISTOPHER COLUMBUS AND THE COLUMBIAN FAIR.

[Extracts from a poem by Harold Vincent Hayes (formerly of Chicago, now of Los Angeles) written in honor of the World's Columbian Exposition at Chicago in 1893, and now first published. (Copyright, 1909.)]

Columbus bows before the Court of Spain,
Imporing aid his life-long hope to gain,
To cross the seas where ships were sailed before,
Discover wealth and unknown lands explore.

Ere many busy weeks have passed away
Three ships float proudly on port Palos' bay,
With sails unfurled and flags aloft they ride
The rippling waters of the ebbing tide.

While dreads of the ebbing tide
The rippling waters of the ebbing tide
The rippling waters of the ebbing tide
The rippling waters of the ebbing tide

Then tempest-tossed on angry billows borne,
With anxious looks he scans the rising storm,
Hears timbers creak and toughened cordage strain,
Sees sable night with black-browed visage reign.

With abate of the rising storm
The rippling waters of the ebbing tide
The rippling waters of the ebbing tide
The rippling waters of the ebbing tide

Four hundred years have passed today
Since brave Columbus found the way
Which opened up our new-born world,
Where freedom's banner floats unfurled.

Where freedom's banner floats unfurled
The rippling waters of the ebbing tide
The rippling waters of the ebbing tide
The rippling waters of the ebbing tide

Here Right and Justice are enthroned
Where once the warlike Indian roamed;
Birth cannot breed the tyrant's throne,
Our Ruler is the people's own.

Our Ruler is the people's own
The rippling waters of the ebbing tide
The rippling waters of the ebbing tide
The rippling waters of the ebbing tide

Shall we, the people of this land,
With wealth and plenty at command,
Ungratefully forget the life
Which dared derision, storm and strife,

Which dared derision, storm and strife
The rippling waters of the ebbing tide
The rippling waters of the ebbing tide
The rippling waters of the ebbing tide

GOES HIGHER UP.
Rumor that Averell is to Succeed McGovern on Western Division of Southern Pacific.

W. H. Averell, superintendent of the Los Angeles division of the Southern Pacific, is slated to succeed W. A. McGovern of the western division, who recently resigned to enter the service of another road, according to a report current here yesterday.

What a Woman Will Not DO.
There is nothing a woman would not do to regain her lost beauty. She ought to be fully as zealous in preserving her good looks. The herb drink called Lane's Family Medicine, or Lane's Tea, is the most efficient aid in preserving a beautiful skin, and will do more than anything else to restore the roses to faded cheeks. HELD FOR HORSE THEFT.

Man Caught Near Phoenix and Brother Already in Custody Charged With Crime.

Sheriff Hammel received word from Bakersfield yesterday of the capture of Frank Payne, an alleged horse thief, near Phoenix, Ariz. John Payne, a brother, is in custody.

The Paynes are said to be the men who brought four horses to this city several weeks ago, selling them to a local dealer and receiving in payment, a check, upon which a saloon-keeper advanced \$24. With this money they went to Tehachapi, where the saloon man asserted that he did not know the men, but the Sheriff has since then been informed that he knew both brothers. There is no evidence tending to implicate the saloon man.

TELEGRAPHS AND PHONES.

The telegraph industry of the United States embraced in 1908 the ways, routes, and lines of the Bureau of the Census, for dealing with the figures for 1907.

The general telegraph statistics are:

Land line and ocean cable systems...	31
Wireless systems...	25
Total of systems...	56
Telegraph systems...	1,107
Number of single wires...	2,973,320
Average number of employees...	48,920
Salaries and wages...	\$1,234,567
Expenses in 1907...	\$1,234,567
Income in 1907...	\$1,234,567
Messages sent in 1907...	34,123,456
Land lines and ocean cables...	10,123,456
Wireless systems...	10,123,456
Total messages sent...	34,123,456

These figures do not include the governmental telegraph system, which is operated by the Post Office Department. The income of the telegraph industry is estimated at \$1,234,567, and the expenses at \$1,234,567.

The telegraph industry is a very important one, and it is estimated that it will continue to grow in the future.

The Owl Drug Co., Inc., Guarantees to Cure Dyspepsia, if They Fail, the Medicine Costs Nothing.

To unquestionably prove to the people of Los Angeles that indigestion and dyspepsia is curable, and that Rexall Dyspepsia Tablets will effect the cure, we will furnish the medicine absolutely free if it fails to give complete satisfaction to anyone giving it a trial.

The remarkable success of Rexall Dyspepsia Tablets is largely due to the new and successful method of manufacture, whereby the well-known properties of Bismuth, Subnitrate and Pepsin have been combined with carminatives and their agents.

Bismuth Subnitrate and Pepsin are recognized by the entire medical profession as specifics for acute indigestion and dyspepsia.

The Pepsin used in Rexall Dyspepsia Tablets is manufactured by a new process which develops its greatest efficiency. Pepsin supplies to the digestive apparatus one of the most important elements of the digestive fluid, and exerts a tonic influence upon all the glands which supply all the other elements necessary to proper assimilation and digestion.

The carminatives add properties which promptly relieve the disturbances and pains caused by undigested food.

The perfect combination of these ingredients makes a remedy absolutely incomparable and invaluable for the complete cure of indigestion and dyspepsia.

We are so positively certain of this that we sell Rexall Dyspepsia Tablets on our own personal guarantee that they will either cure you or cost you nothing. The Owl Drug Co., Inc. Los Angeles, San Francisco, Oakland, Cal.; Seattle, Wash.

ELATED OVER ASSESSMENT

ONLY FEW SHARES OF SAVINGS BANK GO DELINQUENT.

Interscholastic Debate of the County High Schools—Mother's Prompt Action Saves Child.

LONG BEACH, Oct. 4.—The men interested in the rehabilitation of the Citizens' Saving Bank are highly elated over the result of the first as-

396 went delinquent and these were bought in at a sale for 10 per cent. By this assessment \$25,000 is added to the fund accumulating for the opening of the bank.

At an executive meeting tonight the board of directors ordered the second 10 per cent. assessment. This will become delinquent in thirty days, at which time the third and final assessment of 5 per cent. will be levied and the bank will then reopen.

The first intercollegiate debate of the county high schools will be held here, Thanksgiving Eve, between Long Beach and Pasadena high. Try-outs will be held this month to select the local representatives.

By prompt action, Mrs. T. J. Musgrave saved her daughter, Mary, aged 4, from bleeding to death at the family residence on East Seventh street. The

lot was playing on the steps, cutting out paper dolls. She slipped and the point of the scissors stuck in her jaw, just under the chin, severing an artery. The mother applied pressure and stopped the flow of blood until medical aid was secured.

GYPSON SHIPMENTS.

Adam Wasem, well known because of his connection with the Long Beach-Beimont Heights troubles, left

Today his firm home in Iowa, where he owns a big gypsum deposit and a large stock of lumber. He will superintend the erection of a big factory for handling the material. He has secured a site on the inner harbor for a depot here for handling the stuff in trans-oceanic shipments.

Mrs. Adelaide Tichenor today received word that the Supreme Court had upheld the appellate decision in the Tichenor case. The suit was brought by Mrs. Beadie Fleet charging her with slander. The suit resulted from a theft of valuable jewelry. Mrs. Tichenor, it was charged, had stolen the jewelry from Mrs. Fleet. A Superior Court jury awarded Mrs. Fleet \$1000 damages. The Appellate

President True, head of the Trust-Tag Paint Company of Memphis, Tenn., who is on the Pacific Coast looking for a site this morning admitted that Long Beach had first claim on the company. It will come there provided a factory site is offered. Fifty men will be employed at the plant. Later on a calamine depart-

ment will be added, giving employment to 100 more.

Tomorrow afternoon Miss Gertrude Weston will have the first fry-out of basketball aspirants in the High School student body. This year's team will be practically all new members, but as most of them played the game in the grammar grades, the material will not be green and Miss Upson hopes for a four-time championship for Long Beach.

MERGER OF THREE CLUBS.

Banquet of Fishing Enthusiasts Ends in Consolidation and Amalgamation of Valuable Trophies.

Feasting and fraternizing at Levy's Café last night, members of the Tuna, Light Tackle and 3-4 clubs found themselves so mutually congenial that the three organizations were merged into one under the name of the Tuna Club.

At the close of the well-attended banquet, a meeting of the three clubs was held, with Charles F. Holder, president of the Tuna Club, presiding, and James H. Kenney of the Light Tackle Club as the guest speaker.

The directors of the Tuna and Light

All trophies of the three societies will be kept together, and, to the valuable holdings of the Tuna Club, will be added \$3000 worth of trophies from the Light Tackle Club and \$1500 from the 4-6 men.

Among the prominent guests present were C. C. Cox, Congressman from Indiana; L. P. Streeter, president of the Aransas Pass Tarpon Club of Florida; Dr. Vilas, Edward Hedderly, Charles Barton, Henry Edmondson, Messrs. Tatum, Brodie and Max Lowenthal.

Perfect harmony prevailed, and the blending of the three prominent clubs makes the organization a remarkable amalgamation of fishing talent, which cannot be found anywhere in the world.

NEAR TO DEATH IN QUICKSANDS.

PORTERVILLE LABORERS HAVE A
TERRIBLE EXPERIENCE.

All But Suffocated When Help Arrives—Prominent Rancher Deplores Sudden Disappearance of Wife. Musical Treat of the Season—Rains Cause Heavy Damages to Crops.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

PORTERVILLE, Oct. 1.—Marion Cook and M. Allison, laborers from Tulare, narrowly escaped death in quicksand yesterday afternoon, while at work on the Poplar road not far from this city. They were rescued by means of a passing conveyance, when their suffocation.

The men were at work on a culvert over a stream which leads into the Tulare River, and, in descending into the bottom of the creek, both sank to their waists in sand. To add to the danger a portion of the concrete work, on which the bridge timbers were set, fell in upon them. Both sank headfirst, and, unable to extricate themselves, had about given up when a passing team approached the bridge. Cook's mouth was beneath the sand and only one hand remained above the surface.

Allison managed to raise his head sufficiently to call for help and the two occupants of the wagon, J. E. Beeghly and Douglas Perkins, Jr., of Lindsay, after half an hour's labor, succeeded in extricating the men.

Cook was almost prostrated from fright, but neither man sustained any injury other than slight bruises from the falling concrete.

WIFE DISAPPEARS.
Andrew F. Mills, septuagenarian and well-to-do rancher of the Delano district, has written to practically every paper in this section of the State, asking help to locate his wife, who he married in Sacramento on August 18 of this year. Mrs. Mills, lost a few weeks ago. What happened after the wedding ceremony in Sacramento, is written by Mr. Mills thus:

"She came home with me and she and I were well pleased with my home. Then she said she wanted to go to Deer creek hot springs for a while and would be back in a week and now is nearly a month and I have not heard a word from her and she has not written and let me know she was getting on and let me know when she was coming home so I could meet her. I gave her \$25 to bear her expenses and she is a woman with dark hair, not very large and blue eyes and a neat woman."

In Mr. Mills' letter it would also appear there is some doubt as to the original identity of his wife. When they were married, it is stated that she gave her name as Mrs. Lena Summers, although, subsequent to that time, Mr. Mills says, she told him of going by other names. Perhaps a display of a great many names may have something to do with the disappearance. Mr. Mills confesses to 70, and she gave her age as 42.

USES OF SCHOOLS.
The island district is quarrelling over the uses to which the island schoolhouse shall be put. This structure has been used lately for dances and, following a protest from the anti-dancing element, a room in the building has now been fitted with chairs and other conveniences for a rest room. Alleging that the object of this is to prevent further dances, the pro-dance element circulated a voluminous petition, also protesting against the use of the school building for church purposes on Sunday. In view of this discussion the trustees refused to allow the school room for any purpose except that for which it was built.

By a deal closed yesterday, title to the Soggy orchard, north of this city, passed to Bohlin and Co. of Indiana. The consideration is \$25,000. The place includes twelve acres of apple, twelve of Valencia and two of olives, all the trees being two years old.

MUSICAL TREAT.
What may be considered the musical event of the year was a recital last evening by Ernest G. Hardley, soloist and chorister of the Congregational Church of this city, assisted by Mrs. Christian Mueller, Mrs. D. S. Strong and Miss Nora Dickinson. All the musicians are comparative newcomers. Mr. Hardley has been in the State but a short time, and was for seven years the soloist of St. John's Cathedral in Manchester, Eng. Mrs. D. S. Strong, who gave piano numbers, is a European musical student. Mrs. Mueller is a graduate of German conservatories. Miss Dickinson, recently from Los Angeles, has had fine training as a violin soloist. The program, which was strictly classical, was well rendered.

CROPS ARE DAMAGED.
Rain, which continued for the last twenty-four hours, during which more than half an inch of water fell, did thousands of dollars worth of damage in the hay and grain country to the south of here. In spite of warnings sent out by the weather bureau, the storm caught many ranchers with hay down and in unprotected stacks. There was a wild call for men from the alfalfa district to aid in covering crops.

LONG FIGHT WITH FLAMES.
Elysian Park Employees Finally Conquer Fire Which Burns Over Large Acreage in Wild Section.

Several hundred acres of wild mustard and brush, in Bishop's Cañon, in the undeveloped part of Elysian Park, were burned over yesterday afternoon. The flames were prevented from doing any damage to valuable groves and several small houses by a score of park employees, who organized a fire-fighting brigade.

It is presumed that some one tramp-tramped through the cañon, threw down a lit match or cigar and started the blaze.

The spectacle was beautiful, as the waves of fire jumped from mound to mound, and quickly consumed the dry vegetation. The workmen gathered green branches to beat out the flames. The heat was intense. For three hours they fought the fire, until their exertions were rewarded. When the last flames were extinguished several hundred acres lay bare, save for black ashes.

The land burned over is rough, and has not been put in such shape that it is suitable for park purposes. It is seldom visited by pleasure seekers, as there are no trees on it.

While valuable groves and several small houses were located in the vicinity of the fire, there was no grave danger of the flames reaching them.

Special
Value \$2.50**

A charmingly designed and made negligee garment of good, sensible, well-wearing material, as pleasing in appearance as in comfort.

We show a complete line of negligee garments, including silk, padded Japanese, hand-made, hand-embroidered, and other effects; also albatross, middie-down, etc., at from \$1 to \$25.

You'll wonder how we were ever able to procure such fine quality 53-inch lustrous broadcloth capes, full circular cut and with standing velvet collars, to sell at so small a price as \$10. Buttons, frogs and the little touches of inlaid silk and silk soutache braid carry out the true Hussar style. Don't miss seeing the light gray check soft finished worsted 46-inch capes which we're including at the same price. These have detachable silk lined hood. Those of broadcloth come in black, gray, maize, red, navy and brown.

Both styles in this crowd-gathering \$10 sale are ultra fashionable and we are sure cannot possibly be equaled elsewhere at the price.
